

Lift Expo Uzbekistan

Uzbekistan - Tashkent

14-16 November
2024

International Exhibition of Elevator, Escalator and Lifting Mechanisms

Lift Expo Uzbekistan - The only dedicated exhibition for the lift, escalator industry to be held in the Uzbekistan

The first event of Lift Expo Uzbekistan will be on November 2024. This is a special event for domestic enterprises of supporting industries to connect with potential customers from overseas in supplying elevator parts, components, technology and solutions. It also offers Elevator manufacturers a chance looking for partners, extend their export markets. This both develops the domestic market and contributes to the implementation of the Government's commitment to international economic integration.

The elevator pitch for the industry – Lift Expo Uzbekistan would identify the potential of the industry by mapping the interest, capabilities and expertise that Uzbekistan elevators and escalators has to offer. It is creating the right channels by generating high-quality leads and providing business opportunities.
